INFECTION PREVENTION
PRODUCT CATALOG

Supplies You Trust. Care That Counts.

Putting patients first with every solution.

At Young® Surgical, our goal is to support you in providing the best care for your patients. Our collection of innovative products and essential pharmaceuticals is carefully designed to cater to the individual needs of every patient. We believe that your clinical expertise combined with our offerings can truly enhance the quality of patient care.

OUR MISSION

Young Surgical is dedicated to enhancing patient care through our comprehensive portfolio of products, industry-leading reliability, and a profound commitment to servicing our customers.

Our products aren't just valuable tools; they're a reflection of our dedication to making your job easier and more effective. We're not just providers — we're your partner — committed to providing unparalleled support, resources, and expertise in oral surgery.

VALUE

Our unwavering dedication to **value** ensures that you receive the products to transform patient experiences.

SOLUTIONS

Our offerings reflect our understanding of your need for **streamlined solutions** and **practical offerings**.

SUPPORT

Our focus is creating ease in ordering, speedy shipping and unparalleled support.

Your Single-Source Destination

Young Surgical is your one-stop shop, offering a diverse range of high-quality products to meet every requirement of dental and surgical professionals. With an extensive selection and commitment to excellence, we ensure that you have access to the best tools and supplies for optimal patient outcomes.

Explore all of our catalogs for a full spectrum of solutions for oral surgeons & implantologists

Pharmaceuticals & Supplies | Biomaterials
Emergency Medical Supplies | Infection Control

Young Surgical: Supplies you trust, care that counts.

Infection control is essential for every procedure and every patient. As your dedicated partner, Young Surgical delivers a comprehensive selection of infection prevention solutions from industry leading manufacturers, specifically curated for oral surgeons, dental practices, and specialty clinics.

Our catalog features everything you need: from premium personal protective equipment and efficient operator turnover products to essential daily maintenance supplies and reliable instrument reprocessing solutions. We proudly distribute trusted brands like Biotrol™ and DEFEND®, offering products designed to enhance compliance, minimize cross-contamination risks, and maintain consistently safe clinical environments.

Young Surgical is committed to supporting dental and surgical professionals with practical, effective infection control solutions that enable you to deliver safe, efficient care without compromise. When infection control matters, count on Young Surgical to deliver the supplies you trust.

PROFEND NASAL ANTISEPTIC KIT

10% Povidone-Iodine (PVP-I) nasal swabsticks used to proactively defend your patients against the risk of infections related to *S. aureus*.

Utilizes a broad-spectrum antiseptic rather than an antibiotic, such as mupirocin, to support antimicrobial stewardship goals

Meets the recommendations for nasal decolonization as per the AORN Guideline on Preoperative Patient Skin Antisepsis

Nasal decolonization with PVP-I is a CDC core strategy to help reduce risk of infections in surgeries, critical care, and central IV catheter patients. Preferred by >90% of clinicians over other Povidone-Iodine (PVP-I) nasal antiseptic products¹

Profend Nasal Antiseptic Kit
